

OER DATA MANAGEMENT TEAM

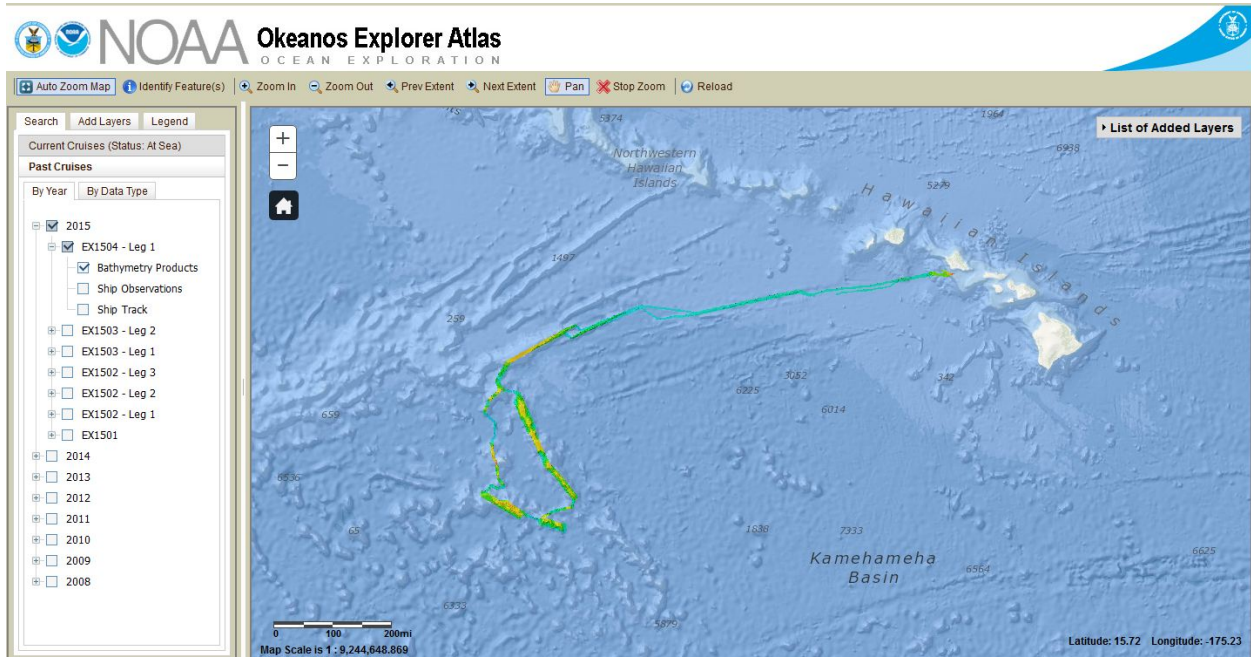

OER Data Management Team Mission Report EX1504L1 (Jul 10 – 24, 2015)

The EX1504L1 [Data Management Plan](#) described the following objectives, which were mostly met.

- *Normal data management objectives for mapping and underway data;*
- *Surveys of Opportunity include NASA Aerosol Network and National Marine Fisheries Service Pacific Islands Region marine mammal observations of behavioral responses to the presence of the ship;*
- *A small area will be mapped for potential UCH targets. These data will be restricted from public access until it can be reviewed. If no UCH is discovered, the data will be released at a later date.*

We received word on September 10 that the UCH data is not being restricted.

The [mission ISO metadata record](#) has been updated to reflect the cruise has taken place.

Data Throughput

Project Instructions Received	Data Management Plan Delivered	ISO Collection Level Metadata Published	Cruise End	Data Received	Final Data Archive Complete	Cruise End to Archive
5/18/2015	6/15/2015	6/15/2015	7/24/2015	8/18/2015	9/24/2015	61 days

Data and Information Access

Oceanographic Archive	Geophysical Archive	Library Catalog	Total Archived Volume
955 files (3.5 GB)	3671 files (124 GB)	2 files (2.39 MB)	127.5 GB
